Education .... should no longer be thought of as imparting knowledge, but must take a new path that seeks to release the human potential within us all.  

Maria Montessori

This interactive Workshop is open to teachers, classroom assistants, students and anyone interested in teaching 6-12yrs Mathematics using the methods and materials based on Dr Maria Montessori’s philosophy. There will be detailed instruction and opportunities for practice with the specialized equipment which assists the child’s understanding of Mathematics for this age group. Sessions will also provide opportunities for gathering and sharing information and ideas.

The Montessori approach

• meets the tendency for repetition  
• provides essential skills  
• builds confidence  
• assists children to independence

Susan Harris-Evans has been involved in Montessori education since 1987. She has worked at The Hills Montessori School, one of Australia’s largest Montessori schools, for over fifteen years and currently holds the position of Assistant Principal. She has experience working with infants, and children from 3-12 years. Susan is also chair of the Montessori Education Association of South Australia and is a senior lecturer for the Montessori Institute.

Susan holds many qualifications in the field of education including a Diploma of Montessori Education and a Master of Education. She has been involved in adult education and curriculum development within the South Australian independent schools sector and was a contributor to the National Montessori Curriculum developed by MAF and approved by ACARA. She is also a member of the MAF Quality Assurance Council.
